TORONTO, June 25th, 1886.
PYTHIAN PERIOD, XXIII.

To every Member of the Order throughout the World :

GREETING :

On December 1st, 1885, we issued a preliminary Programme and extended an invitation to *every* Member of the Order to come and help to swell the ranks of the Grand Pythian Army which will assemble to do honor to the Supreme Lodge on the occasion of its Fourteenth Session to be held in this city commencing on

TUESDAY, JULY 13TH.

At that time we stated that it was the desire of the Knights of Ontario to have it made the greatest and most imposing demonstration, of any Society, ever witnessed. From the great number of responses we have received we now feel confident that it will be, and have much pleasure in presenting our final programme and repeating our invitation to *every* Member.

TORONTO POST OFFICE.

The Post Office, built in Italian style of architecture, is situated on Adelaide Street, opposite Toronto Street. It is constructed of richly wrought Ohio stone, 75 feet frontage, 60 feet deep and 91 feet to top of dome. In addition to the box system of delivery there is a large distribution of mail matter throughout the city by means of postmen in some sections twice and in others four times daily. Owing to there being many publications in Toronto, the amount of mail matter leaving Toronto is something enormous.

TORONTO'S ATTRACTIONS

One of the Places That Should be Seen.

We recommend all visitors to the city not to fail in paying a visit to what is reckoned and familiarly known as THE YONGE ST. EMPORIUM OF FINE DRY GOODS, DRESS AND FASHION.

The enterprising firm of Edward McKeown, 182 Yonge St., 2 doors north of Queen, commands a large and influential patronage throughout Ontario, and it is no unusual circumstance to find our *American cousins* there making large purchases of Lyons Silks and French Dress Goods, this speaks volumes for their close buying and fair trading.

This establishment is reckoned as the most compact and best run in Ontario, and its stock includes LINENS, DAMASKS, SHEETINGS, STAPLES, COTTONS, PRINTS, (in English, French and American), CORSETS, REAL AND IMITATION LACES, WRAPS, JERSEYS, WALKING JACKETS, LYONS SILKS, FRENCH CASHMERE, FINE DRESS GOODS, LADIES' AND GENTS' HOSIERY, UNDERWEAR AND GLOVES, *for which they enjoy an enviable reputation.*

They boast of the finest DRESSMAKING outside PARIS. Their *artistic* certainly possesses the bewitching power of making even o'd nary goods look enchanting and worth three times their real value.

Visitors can walk around and see for themselves, welcome to do so.

City of Toronto.

Toronto stands upon a site chosen in 1794 for a trading post. Its age as a city is 52 years. It is centrally situated in the Province of Ontario, being located on the north side of Lake Ontario, opposite Niagara River and about 30 miles distant therefrom. It has a water frontage of five miles and is built upon a gradual ascension of land a distance northward of about two and a half miles to an escarpment commanding a fine view of the city and lake. The streets run at right angles to each other. Its present population is about 125,000. It has an assessed value of property of about \$75,000,000. The city is sub-divided into twelve wards, each of which sends three aldermen to form the City Council. The Mayor of the city is chosen by the vote of the entire city. The Mayor and Alderman are elected for a term of one year. The city contains some of the finest buildings in the country. The great majority of the buildings are constructed either from stone (grey or colored), brick (red or white) and rough-cast coated over frame work. Most of the street paving is with cedar blocks on end, a portion is stone blocks, while the remainder of the streets are either macadamized or formed from the natural soil where they exist. The city is protected by as fine a body of police as can be found anywhere, and the fire department is the pride of the city. Toronto is designated the Queen city of the Province; and is the seat of Government; the centre of Education; the situation of the High Courts of

Justice; is recognized as the great financial business centre; and is an important railway centre, some eight lines of railway leading out of it. In the city are located the chief asylums, prisons, reformatories, and hospitals of the province. On Sunday, all business ceases.

Toronto has been designated the "City of Churches," and possesses 120 churches of various denominations, some of them being both architectural and stately in appearance. Its importance as an educational centre may be inferred from the statement that it contains Universities, Colleges, Schools of Science, Public and Separate Schools, to the number of over 70. There are a goodly number of Libraries, Public, Collegiate and special. No less than 75 newspapers and periodicals are published in the city. There are 14 Banks and 12 Savings' Banks. The Asylums, Hospitals, Homes and Infirmarys number nearly 30. It is a city abounding in Secret Beneficiary Societies; nearly every society having representatives here. The city has attained considerable celebrity on account of its promotion and encouragement of sports and games in which some of her sons have won distinguished laurels. It likewise possesses large factories, wholesale and retail stores, splendid hotels, and elegant private residences. The wholesale quarter of the city is that included between Front and King streets, the chief wholesale houses, Custom House and Banks being found on Front, Wellington, Colborne, Jordan, Yonge, Scott and Church streets. The chief retail streets are King, Yonge (north of King) and Queen streets. The streets on which may be seen the most handsome residences are Sherbourne, Pembroke, Jarvis, Church, Gerrard, Carlton, and Wellesley in the eastern division; Simcoe, Beverley, St. George and College in the western division; and Bloor street and Rosedale in the north.

Toronto has been the place of meeting of many important bodies—political, religious, educational, scientific, and beneficiary secret societies.

The city has much to interest visitors, and extends to the Supreme Lodge Knights of Pythias, and to all Knights and their friends, a generous Canadian welcome.

INDISPUTABLE PROOFS

From the Musical Profession in England

The old and reliable house still maintain their high reputation.

MESSRS. HEINTZMAN & Co.'s exhibit at the Colonial and Indian Exhibition is creating quite a sensation amongst the Musical Profession of London and the Continent. Every one seems to be astonished to see such beautiful Pianos as these manufactured in Canada. The power and quality of tone throughout the whole scale is really beautiful. The touch is also light and sympathetic, and Canada can well be proud to be able to produce such fine instruments as these.—*Piano, Organ and Music Trades Journal*, June, 1886, Lon., Eng.

MESSRS. HEINTZMAN & Co.

It gives me great pleasure to bear testimony in regard to your splendid Pianos which I have tried at the Colonial and Indian Exhibition; they are not only by far the best Pianos at the exhibition, but, for my liking, they supersede anything I have ever tried; the tone is really beautiful and the treble notes have such a clear and distinct tone that I have never seen their equal. The workmanship and finish I consider perfect. Wishing you the success you deserve.

London, Eng., May 28, 1886.

PROF. HENRIK LICHTENSTEIN.

I can bear testimony to the excellence of MESSRS. HEINTZMAN & Co.'s Pianos, both as regards workmanship and tone. I may also mention the touch which is very agreeable and pleasant.

J. E. ADKINS,

Royal College of Music, London, Eng.

MESSRS. HEINTZMAN & Co.

Having tried your Pianos at the Colonial and Indian Exhibition I must say, without a doubt, they are the finest I have ever tested. Their tone, touch and mechanism are perfect. Hoping your instruments will, for the future, be in the English market as they will call for a better Piano to be manufactured in England,

I am, yours respectfully,

HERR MAX BLUME, F. S. Sc., London.

ENTERTAINMENTS AND ATTRACTIONS.

In addition to those already mentioned, ample facilities will be offered for the enjoyment of visitors.

The splendid steamer "Empress of India," which has been newly fitted throughout this spring, makes daily trips between this City and Port Dalhousie, and on Wednesday and Thursday will run special excursions to Niagara Falls. Tickets will be at the very low rate of \$1.50 for the round trip.

The famous blockade-runner "Southern Belle" is now plying on Lake Ontario, leaving Toronto for Burlington Beach and Hamilton daily at 10.45 a. m. and 5.45 p. m. The trip to the Beach (Canada's Long Branch) is one of the finest on the lake, the rate being only 50 cents and return. Excursionists coming to Toronto during the week of demonstration can obtain tickets from members of the Order and principal stores in Hamilton for 60 cents single; return, good till used, \$1.00.

At the Exhibition Grounds special arrangements have been made to have the Roller Coaster in operation, and to those of our visitors who have never had an "aerial ride," we say try it. The sensation is such that it cannot be described; it must be experienced.

On Tuesday afternoon Supreme Prelate King will hold a reception at his residence, corner Wilton Avenue and Sherbourne Street, from half-past one to three o'clock. All Supreme Lodge Members, Brigade, Regimental and Staff Officers are invited.

On Saturday afternoon a league game of Lacrosse will be played on the Rosedale Grounds, between the celebrated Toronto and Ontario teams. From the standing of the two clubs this match promises to be one of the most closely contested and interesting of the series.

SPECIAL NOTICES.

American money is subject to discount. Greenbacks are usually taken at par, but silver by general consent passes only at 20 per cent discount, although at broker's bills can be exchanged for $\frac{1}{2}$ per cent and silver 5 per cent discount. Trade dollars are only worth 75 cents. The best method is to bring bills or gold.

Uniforms and equipments, by special permission of the Minister of Customs, will be permitted to come in as personal baggage, and no delay or inconvenience will be experienced, as all frontier collectors have been instructed to make the entries as pleasant as possible.

Division Commanders are requested to notify the Secretary at what time they expect to arrive and what road they are coming.

PRINCIPLES AND BENEFITS

OF THE

ORDER OF KNIGHTS OF PYTHIAS

The Order of Knights of Pythias was instituted February 19th, 1864, and introduced into Ontario on February 22nd, 1872. It has made the most rapid progress of any beneficial society ever organized, having a membership at the present time of about 180,000, and ranks as one of the foremost benevolent institutions, whose common object is the elevation and advancement of the interests of brotherhood, and benefit to a common humanity, through unity of effort well directed. Its motto is Friendship, Charity and Benevolence. Nothing of a sectarian or political character is permitted within its portals, and its cardinal principles are—toleration in religion, obedience to law, and loyalty to the government under which it exists.

The Order is complete within itself, having in addition to the ordinary Lodge and its accompanying benefits, an Endowment or Insurance feature, and the Uniform Rank, neither of which latter features are compulsory; but their advantages are only obtainable by Knights who are in good standing in their Subordinate Lodge.

To become a member of any Lodge of the Order, it is necessary that the applicant be 21 years of age, of good moral character, in sound mental and bodily health, able and competent to earn the means necessary for the support of himself and family, and a believer in the Supreme Creator and Preserver of the Universe. There are three ranks in the Order, viz.,—Page, Esquire and Knight, and the admission fee is in Ontario Lodges usually ten dollars, payable as follows:—One dollar with the application, four dollars for Page Rank, three dollars for Esquire Rank, and two dollars for Knight's Rank. The dues in Toronto Lodges are graded according to every five years of age, beginning from 21 to 25 at \$1.60 per quarter. The benefits, in case of sickness or disability, in these same lodges, are free medical attendance and three dollars per week. Each lodge also has a visiting committee, one member of which must visit daily any sick member, and if necessary, sit up with him at night. In cases of contagious diseases, the lodge provides a competent nurse, and the committee are relieved of their duties. Forty dollars are paid on the death of a member, and when a widow or children are left, forty dollars a year are paid to them. These various amounts for fees, dues and benefits may be fixed at a higher figure by any lodge so desiring it.

In the Endowment Rank an insurance of \$1,000, \$2,000, or \$3,000 can be effected. The entrance fee is \$2.00 for every \$1,000 taken, \$1.00 for local Medical Examiner, 50 cents for Medical Examiner in Chief, and \$1.00 for the Secretary-Treasurer. The monthly payments are fixed and graded according to age at date of application, beginning at 70 cents per \$1,000 at the age of 21. A member joining at the age of 30, the cost would be 80 cents; 35 years, 95 cents; or 40 years, \$1.10 per month for each \$1,000. It is at once a safe and cheap form of insurance, and that it has proved to be a boon to many a family and mitigated much distress may be judged from the fact that since its institution nine years ago, over THREE MILLION DOLLARS have been paid to the families of deceased members.

In the Uniform Rank we have the display feature of the Order, and it, as well as the Endowment Rank, is entirely optional. The members of the Division in this city meet for weekly drill, and have adopted a beneficial feature in case of the sickness of any member, whereby a weekly benefit of from \$3.00 to \$4.00 is paid in addition to the lodge allowance.

We ask none to join our Order without first examining its principles, and convincing themselves that its objects are good, and that it in no way conflicts with their religious or political freedom. We do not wish for any but those who are willing to join heartily, hand in hand, with us for the advancement of the objects we have in view, namely, the spread of brotherly love, and the inculcation of true charity.
